Course Assessment Specification

Music Advanced Higher

There are two routes to Course Assessment: **Music with Performing** and **Music with Technology**. Each of these routes has two components, with mark allocations as shown below. The Question Paper is common to both routes.

Music with Performing route

Question Paper	40 marks
Performing on two instruments or Performing on one instrument + Accompanying	60 marks

Music with Technology route

Question Paper	40 marks
Folio consisting of recorded performances on one instrument/voice + 1 MIDI Sequenced composition supported by a session log or Folio consisting of recorded performances on one instrument/voice + stereo master recording of 2 pieces supported by a session log	60 marks

The purpose of this document is to provide:

- ♦ details of the structure of the Question Paper in this Course (**Part 1**)
- ♦ guidance on the administration and assessment of Practical Performance Examinations, in the case of candidates following the Music with Performing route (**Part 2a**)
- ♦ guidance on the generation of evidence for the Folio submitted for Central Marking, and on assessment of its contents, in the case of candidates following the Music with Technology route (**Part 2b**)
- ♦ guidance to centres on how to use information gathered from the Question Paper and from the Practical Performance Examinations or Folio to estimate candidate performance. (**Part 3**)

Part 1

This part of the Course Assessment Specification details the structure of the Question Paper in this Course.

- ♦ There is one Question Paper, common to the Performing and Technology routes, marked out of 40.
- ♦ The time allocation for the Question Paper is one hour.
- ♦ All questions are compulsory.

The Question Paper requires candidates to demonstrate breadth of knowledge and understanding by responding to questions which relate to audio excerpts in a range of styles. Knowledge and understanding tested will be drawn from the concept and literacy content detailed for this level. Styles sampled will provide a mixture of straightforward and more complex contexts; some audio excerpts may be drawn from musical works prescribed for study by SQA. Candidate response will be tested through a balance of types of question; the number of each type of question and the distribution of marks is indicated below:

TYPE OF QUESTION	NUMBER	MARKS
Multiple Choice: select 4 correct answers from 10 options	2	8
Short answers (one or two words, or a phrase)	1	1
Map	1	5
Comparison of 2 musical excerpts (multiple choice)	1	8
Musical literacy	8	8
Brief descriptions	2	10

Part 2a

This part of the Course Assessment Specification details the structure of the Practical Performance Examination for candidates following the Music with Performing route. It also provides guidance on sampling and assessment.

Candidates following this route are examined by a Visiting Examiner appointed by SQA.

Centres have a responsibility for:

- ♦ ensuring that appropriately levelled pieces are presented by candidates. Repertoire standards may be verified by accessing SQA's *National Qualifications in Music: Performing*, published on SQA's website, and/or by submitting other pieces for prior approval. Details regarding relevant approval procedures are available from SQA
- ♦ noting individual piece and overall programme durations on the candidates' marks sheets.

Time requirements

The table below indicates the time requirements for each prepared part of the practical performance and shows the approximate length of each sample.

Performance	Prepared time	Sample time	Marks
Instrument/voice 1	15 minutes	10 minutes	30
Instrument/voice 2	10 minutes	6 minutes	30
or Accompanying	12 minutes	8 minutes	20
Playing at sight			10

As indicated, candidates presenting evidence in accompanying are assessed on accompaniments played at sight; this part of the assessment lasts approximately 3 minutes. Immediately prior to this part, candidates will be given a period of five minutes in which to prepare these accompaniments.

Guidance on sampling

In deciding the sample, examiners should adhere as far as possible to the following guidelines:

1. Decide the sample before the start of each candidate's examination
2. Do not give the centre any prior information regarding the content of the sample
3. Be guided to the sample by considering the stated duration of each piece in the programme.
4. Hear at least one piece in its entirety.
5. Always start from the beginning of the piece.
6. Where possible hear some of every piece.
7. Advise the candidate before the start of the performance if you do not wish any repeats to be observed.
8. Advise candidates before the start of the performance that they may be asked to stop before the end of the piece.
9. Exercise discretion, consideration and fairness in stopping a candidate before the end of a piece.
10. Where a candidate refuses to play a piece, award no marks for that piece.
Reduce the overall sample time by the intended allocation of time to that particular piece.

Guidance on assessment

Each of the two parts of the practical performance is marked out of 30. For all except the Accompanying part of a programme, individual pieces within each part should be marked out of 10 and then totalled; the resulting total should then be scaled to give a mark out of 30.

For candidates presenting Accompanying, each prepared accompaniment should be marked out of 10; the resulting total should then be scaled to give a mark out of 20.

Accompaniments played at sight, following 5 minutes private preparation, should be marked out of 10 and totalled; the resulting total should then be scaled to give a mark out of 10.

The resulting marks for prepared accompaniments and for accompaniments performed at sight should then be added to give a mark out of 30.

In assessing performances examiners should be guided by the summary statements for each marks range, as provided in the assessment criteria printed below. More detailed statements relating to various aspects of the performance will provide further pointers. Where assessment statements from more than one marks range are applicable, examiners should use a balanced approach in awarding a final mark.

Part 2b

This part of the Course Assessment Specification gives guidance on the generation of evidence for the Folio submitted for Central Marking at SQA, in the case of candidates following the Music with Technology route. It also provides guidance on sampling and assessment.

Centres have a responsibility for:

- ♦ submitting folios to SQA
- ♦ ensuring that performances by candidates of appropriately levelled pieces are recorded to appropriate media, under conditions that replicate those of Visiting Examining. These recordings should be included in the Folio, accompanied by copies of the music performed. Repertoire standards may be verified by accessing SQA's *National Qualifications in Music: Performing*, published on SQA's website, and/or by submitting other pieces for prior approval. Details regarding relevant approval procedures are available from SQA
- ♦ including in the folio candidates' marks sheets for recording of marks by central markers at SQA. These should detail performance times for individual pieces and for the entire instrumental/vocal recording
- ♦ including in the folio a finished product in either MIDI Sequencing (MIDI/Audio File **and** Stereo Recording) or Sound Engineering and Production (Stereo master recording). This product will combine processes learned in the Unit: Performing with Technology (Advanced Higher), and will be completed under supervision by the centre. The finished product in both MIDI Sequencing and Sound Engineering and Production will be supported by a session log
- ♦ advising candidates that the finished product in MIDI should contain a minimum of 6 tracks, including one or more digital audio parts; it should last at least 3 minutes
- ♦ advising candidates that
 - the finished product in Sound Engineering and Production should include a stereo master recording of 2 contrasting pieces, lasting 6 minutes in total
 - eight or more tracks should be recorded in each piece
 - they should demonstrate, in each piece, effective use of microphones, multi-tracking techniques, one bounce down, and digital audio
- ♦ advising candidates that they may, alternatively, opt to use stereo techniques to produce recordings of live performances, in which case
 - contrasting groups of 4 or more musicians must be used in each piece
 - 4 or more microphones must be used in each piece
 - at least 3 takes of each piece must be recorded and edited to produce each final mix.

Time requirements

The table below indicates the time requirements for each part of the folio and shows the approximate length of the assessment sample for performing.

Performance	Recorded time	Sample time	Marks
Instrument/voice	10 minutes	6 minutes	30
MIDI Sequenced Composition, including 1 digital audio part or Stereo master recording of 2 pieces	3 minutes 6 minutes in total		30

Guidance on sampling recorded performances

In deciding the sample, examiners should adhere as far as possible to the following guidelines:

1. decide the sample before starting to mark the candidate's folio
2. be guided to the sample by considering the stated duration of each piece in the programme
3. hear at least one piece in its entirety
4. always start from the beginning of the piece
5. where possible hear some of every piece.

Guidance on assessment of recorded performances

Each of the two parts of the folio is marked out of 30.

Individual pieces within each part of the Folio should be marked out of 10 and then totalled; the resulting total should then be scaled to give a mark out of 30.

In assessing performances examiners should be guided by the summary statements for each marks range, as provided in the assessment criteria printed below. More detailed statements relating to various aspects of the performance will provide further pointers. Where assessment statements from more than one marks range are applicable, examiners should use a balanced approach in awarding a final mark.

Part 3

This part of the Course Assessment Specification provides guidance on using assessment information gathered from the Course components to estimate candidate performance.

The Course assessment is based on the total of the marks gained in the Question Paper and in either the Practical Performance Examinations, in the case of candidates following the Music with Performing route, or in the Folio, in the case of candidates following the Music with Technology route.

Component	Mark Range
Question Paper	0 – 40
Practical Performance Examination or Folio	0 – 60
Total Marks	0 – 100

In National Qualifications cut-off scores should be set at approximately 70% for Grade A and 50% for Grade C.

For a total mark range of 0 – 100, the table below gives an indication of the cut-off scores that may apply.

Grade	Band	Mark Range
A	1	85 – 100
A	2	70 – 84
B	3	65 – 69
B	4	60 – 64
C	5	55 – 59
C	6	50 – 54
D	7	45 – 49
NA	8	40 – 44
NA	9	0 – 39

These cut off scores may be lowered if the Question Paper is deemed to be more demanding, or raised if it is deemed to be less demanding.

Worked Example

- ♦ In a centre's own prelim Question Paper, the candidate scores 33/40 and in the Practical Performance prelim scores 40/60, giving a total of 73%.
- ♦ The centre's view is that their prelim Question Paper is less demanding than the standard exemplified by SQA.
- ♦ Using the mark range, a realistic estimate may be band 3 rather than band 2.

The Examination which you are about to sit is based upon a recording of excerpts of music. The text of the questions you will hear is to be found in this answer book and you can follow what the speaker says. Listen carefully to the questions and to the musical excerpts upon which the questions are set.

The number of times each excerpt is played is indicated in each question.

Answer all questions.

Write your answers clearly, in ink, in the spaces provided.

Before leaving the examination room you must give this book to the invigilator. If you do not, you may lose all the marks for this paper.

Question 1

Marks

This question is in three parts, (a), (b) and (c).

(a) Read through the list of features below before hearing the excerpt.

Tick **four** features which are present in the music. You will hear the music **twice** with a pause of 10 seconds between playings and a pause of 15 seconds before the next part of the question starts.

The musical notation consists of two systems. The first system shows a vocal line in treble clef with a key signature of two flats and a common time signature. The notes are: G4, A4, B4, C5, B4, A4, G4. The second system shows a vocal line and a bass line. The vocal line notes are: G4, A4, B4, C5, B4, A4, G4. The bass line notes are: G3, F3, E3, D3, C3, B2, A2. A '4' is written below the first note of the bass line.

Question 5

You are asked to compare two excerpts of music. In the column on the left of the answer pages musical concepts are listed. You should select from that column features which are present in the excerpts, and identify them in the appropriate columns (**EXCERPT 1, EXCERPT 2, COMMON TO BOTH EXCERPTS**). The number of marks listed at the foot of each column in **[GRID 2] FINAL ANSWER** indicates the maximum number of concepts to be identified in that column; marks will be deducted if you exceed that number.

Both excerpts will be played **three** times, with a pause of 10 seconds between playings.

As you listen, tick the musical concepts used by the composer under the headings given in **[GRID 1]**. **This grid is for rough work and will not be marked.**

After the three playings of the music you will be given **2 minutes** to copy/re-arrange your answers in **[GRID 2]**.
