Look at the TONAL drawing below. It uses a TONAL RANGE.
To complete this homework you must use PENCIL to shade in all the TONES in the Tonal Range through white-grey-black on the unshaded example on the right. To achieve your best grade the TONAL RANGE must be used correctly, and the drawing must be neat and tidy.

Use PENCIL SHADING throughout this drawing.

Leave areas of WHITE unshaded. Areas of mid-tone must be shaded in various tones of light or dark GREY. Areas of BLACK should be shaded heavily.
